PROJECT UPDATE

RESEARCH CENTERS IN PRIMARY CARE
PRACTICE BASED RESEARCH AND LEARNING

Andrea Wessell, PharmD
Steve Ornstein, MD (Principal Investigator)

This project is supported by Grant P30HS021678 from the Agency for Healthcare Research and Quality.
GOAL

- Highlight accomplishments from the 2012-2017 “Research Centers in Primary Care Practice Based Research and Learning” Center grant
PPRNET IS ONE OF EIGHT NATIONAL CENTERS
PROJECT AIMS

1) Expand team of investigators across the MUSC campus to improve our readiness to respond to a broad scope of funding announcements.

2) Further enhance our infrastructure and activities related to disseminating and implementing our research findings in our member practices.
AIM 1. RESPOND TO BROAD SCOPE OF FUNDING ANNOUNCEMENTS
**PPRNET GRANTS 2012-2017**

- Enhancing Quality and Access to Lifestyle Counseling and Health Behavior Change (PI: Hughes-Halbert)
- MS-TRIP 3: Reducing ADEs from Anticoagulants, Diabetes Agents and Opioids in Primary Care (PI: Wessell)
- Learning From Primary Care EHR Exemplars about HIT Safety (PI: Ornstein)
  - HIT-OVERUSE: Reducing Overuse in Primary Care through Safe and Effective Health Information Technology (PI: Litvin)
  - ALC-TRIP: A Virtual Learning Collaborative for Alcohol Screening, Brief Intervention and Treatment in Primary Care (PI: Nemeth)
  - CKD-TRIP: Translating CKD Research into Primary Care Practice (PIs: Litvin, Ornstein)
AIM 2. ENHANCE INFRASTRUCTURE TO DISSEMINATE AND IMPLEMENT RESEARCH FINDINGS
**ENHANCED INFRASTRUCTURE**

- Extend PPRNet membership to primary care practices using Stage 2 Certified EHRs

- Applied for and recognized as CMS Qualified Clinical Data Registry since 2015
DISSEMINATION ACTIVITIES

- Update reports to reflect new evidence, practice guidelines and member needs
- Support member participation in CMS Million Hearts Model
- Host webinars, CME meeting and annual meetings
SUMMARY

- Infrastructure funding supported:
  - Largest number of concurrent projects in our history
  - Opportunities to share and spread research findings beyond funded projects

- PPRNet grant development and dissemination activities will have to be funded in other ways
