RECOMMENDATIONS AND INFORMATIONAL REPORTS OF THE PRESIDENT.

OLD BUSINESS: None.

NEW BUSINESS:

Dr. Greenberg called on Dean Pisano to introduce the speaker, Dr. Chanita Hughes-Halbert. Dean Pisano stated Dr. Hughes-Halbert has come to MUSC from the University of Pennsylvania and holds the AT&T Distinguished Endowed Chair in Cancer Equity at the Hollings Cancer Center and the SmartState Center of Economic Excellence Endowed Chair in Cancer Disparities. She received her masters and doctorate from Howard university. She did her post graduate training and had her
first faculty appointment at Georgetown. She is a renowned researcher with three NIH grants. We are happy for her to join us.

Dr. Halbert told everyone a little bit about herself, the work she has done and what she sees as exciting opportunities of what can be accomplished working together in South Carolina. Her research focuses on health disparities. Since she is a psychologist therefore she thinks about health disparities from a behavioral perspective. She stated the goal of her research program is to identify sociocultural, psychological and environmental determinants of minority health and health care and to translate this information into sustainable interventions in clinic and community-based settings to improve health outcomes in those populations.

Dr. Greenberg asked her to discuss why she came to South Carolina from Penn State. She stated with her position as SmartState endowed chair and with the focus MUSC gives to health disparities issues, she could accomplish more at MUSC.

Recommendation of Administration: That the report be received as information.

Board Action: Received as information.

Item 5. Other Business: None.

Item 9. General Report of the Vice President for Development
Mr. Fisher reported that through November 30, 2012, MUSC has received $23.7 million in new gifts and pledges. Progress to date compares very favorably to the results for this same time period last year of $15.9 million, and places us at 49% ahead of last year’s pace.

Mr. Fisher reported on several recent gifts, which include a $1 million commitment to endow a chair in pathology and laboratory medicine from alumnus Dr. Brownie Lowry (Class of ’68) and his wife, Julie from Spartanburg; $972,000 from the estate of former MUSC employee Caroline Lown who worked in the President’s office for many years; a verbal commitment from Dr. John F “Eric” Hamrick for a $1 million gift to establish the Hamrick Professorship in Dental Science; $1 million from Boeing towards the Boeing Center for Children’s Wellness with a total giving of $2.5 million; a $500,000 gift from the Spaulding-Paolozzi Foundation for the Autoimmunity Center of Excellence which will be an important part of MUSC’s newly established SmartState Center for Inflammation and Fibrosis Research; $100,000 from Dr. and Mrs. Robert Berger of Columbia for an endowed fund in the College of Dental Medicine; and a gift of $700,000 from Zeus Industrial Products made to the Tourville Arrhythmia Center, which is part of its $3.2 million commitment.
Mr. Fisher provided an overview of the Board of Visitors agenda for December 14 which includes presentations by Dr. Chris Carr on the Carolina eHealth Alliance, Dr. Bruce Frankel on Neuroscience Technology Transfer, Dr. Debbie Bryant on Cancer Prevention, Control and Outreach, and Mr. Allan Stalvey on Healthcare Reform and South Carolina). The Board of Visitors will also tour the James B. Edwards College of Dental Medicine, followed by lunch at 12:15 in the Gazes/Thurmond Building.

Mr. Fisher presented the slate of nominees for Board of Visitors appointments for 2013-2014, which was approved by the Board.

Item 10.

General Report of the CEO of the MUSC Foundation

Mr. Tom Anderson reported on realized endowment investment returns as of 10/31/2012, noting the long term investment at three years is generating a return of 7.2%, favorably impacting drawdowns for the SmartState Centers of Economic Excellence.

Mr. Anderson reported on two new members to the Foundation’s Board of Directors: Mr. Andrew Barrett of Charleston who is retired from Salomon Brothers as head of European Equity Trading, and Dr. Allan “Buddy” Thompson, an MUSC alumnus from Easley who is an ophthalmologist and real estate developer.

Mr. Anderson commented on the prior approval for purchasing from MUSC two tracts of land totaling 5.3 acres in the Horizon area. The appraised value for this land is $9.26 million. He noted that the Foundation will purchase the property when the Horizon Project is further along in its development.

Item 11.

General Report of the Executive Director of the MUSC Foundation for Research Development

Mr. Robert Donato introduced a new licensing officer for the Foundation for Research Development, Christine Dixon Thiesing. He also reported on the recent trade mission to Israel in early December, noting that this subsequent visit has deepened relationships with Israel counterparts. Mr. Donato also reported on the SCBIO Conference in Greenville, SC held on November 15-16, noting that Novartis Pharmaceuticals is very interested in visiting MUSC. Other FRD activities have included a jointly sponsored Lunch-N-Learn with SCTR on December 12 that addressed the American Invents Act (AIA) that goes into effect March 2013.

REGULAR Items

Item 17  Financial Status Report of the Medical University of South Carolina.

Mr. Patrick Wamsley presented the October 31, 2012 Interim University Financials. He reported that at October 31st the University had 78 Days of Operating Cash and a Change in Net Assets of -$1.2 million, which mirrored the amount from October 31, 2011. He also reported a Current Funds margin of -1.89%. Mr. Wamsley explained that the major factors affecting net assets for October were the additional payroll for the month, and comparable reductions in Capital Grants and Gifts, Additions to Endowment. On a positive note, he reported that MUSC had seen a material gain in investments compared to a year ago. He also noted that when factoring out ARRA funds, Federal Grant revenues were beginning to trend positively.

Recommendation of Committee: That this report be received as information

Item 18  Financial Status Report of the MUSC Physicians.

Ms. Gina Ramsey presented a report on the financial status of MUSC Physicians. Revenues are up $1.7 million; Operating Margin is $9.5 million against a budget of $9.3 million; Total Margin is -$8.3 million having not yet received the Medicaid reimbursement. MUSC Physicians has 239 days cash on hand which is down due to the land purchases and building costs. In response to Mr. Schulze’s request, they will begin including the balance sheet in future information presented to the board.

REGULAR Items

Item 21  Procurements/Contracts for Approval.

Mr. John Malmrose presented the following for approval:

- Clinical Sciences Building Automatic Transfer Switches Replacement project. Budget: $580,000
- BSB 7th Floor Tissue Preparation Lab renovation. Budget: $525,000
- BSB 7th Floor Noise Exposure Lab renovation. Budget: $400,000
- Lease Renewal of 10,934 square feet of office space located at 125 Doughty Street. Total amount of three year lease: $321,459.60.

Recommendation of Committee: A motion was made, seconded and unanimously voted to approve the procurements/contracts as presented.

Item 22  Update on Projects.

No Report.

Recommendation of Committee: Received as information.
Item 23  Other Committee Business.

Mr. Tom Anderson introduced Mr. Michael Maher, Director of the Charleston Civic Design Center. Mr. Maher has been instrumental in moving the Horizon Redevelopment Project forward and he discussed the progress of the Project. He vided a timeline of milestones since the project’s inception in December 2008 when it was approved. The next step is to select a master developer and that process is moving forward.

Recommendation of Committee: Received as information.

Mr. Malmrose reported Mr. Bingham, Dr. Wiseman and Dr. Rowland had interviewed and selected two firms to provide Indefinite Delivery Environmental and Industrial Hygiene Services for the University. The firms selected were:

- S&ME Inc., Mt. Pleasant, SC
- General Engineering Labs, Charleston, SC

Recommendation of Committee: Received as information.

Mr. Bingham discussed the status of the University properties located at 166 and 168 Ashley Avenue. He asked that approval be given to direct the University to develop cost estimates to restore the two buildings and evaluate best possible uses for the buildings. University Administration would come back to the board with recommendations for the buildings even including the possible sale of the properties if renovation proved too costly.

Mr. Bingham also again reminded Administration that the proceeds from the sale of any properties were to be directed to improving/maintaining existing properties.

Recommendation of Committee: That approval be given to direct the University to develop cost estimates to restore the two buildings and evaluate best possible uses for the buildings. University Administration would come back to the board with recommendations for the buildings even including the possible sale of the properties if renovation proved too costly.

CONSENT Items for Information:

Item 24  Facilities Contracts Awarded

EMERGENCY PROCUREMENT

FOR APPROVAL

December 14, 2012

PROJECT TITLE: Clinical Sciences Building Automatic Transfer Switches Replacement

PROJECT NUMBER: TBD

BUDGET: $580,000

SOURCE OF FUNDS: 50% Hospital Revenue, 50% University Indirect Cost Recovery

JUSTIFICATION: The existing ATSs have failed on several occasions during required testing, and they have been determined to be unreliable. The switches are also no longer manufactured and cannot be repaired. Final scope and cost information was not finalized until just after the October Board of Trustees meeting. The project was declared an emergency procurement to avoid delayed response to this patient, staff and visitor safety condition.

These automatic transfer switches provide the transfer to emergency electrical power when normal power is lost to life safety loads for the Children’s Hospital Emergency Room and other clinical areas located in the first and second floors of the Clinical Sciences Building as well as other emergency circuits throughout the building. Unreliable transfer switches pose a risk to patient, staff, and visitor safety. The electrical distribution system associated with these switches will be segregated as required by Joint Commission standards as a part of this project. The electrical feed needs for the CSB 9th floor renovation will also be addressed as a part of this project to avoid another disruption in service when that project begins in 2013.

This request is for approval to continue with this project as an emergency procurement.

PROJECT TITLE: Basic Science Building 7th Floor Tissue Preparation Lab

PROJECT NUMBER: To Be Determined

TOTAL ESTIMATED BUDGET: $525,000

SOURCE(S) OF FUNDS: College of Medicine and Department of Pathology

JUSTIFICATION: This project involves the renovation of approximately 1,999 square feet of existing space on the 7th floor of the Basic Science Building to accommodate relocation from the Walton Research Building so the Walton Research Building Renovation can begin in the spring. The project will include a tissue preparation lab and associated office and support space.

The lab will be used by multiple NIH investigators to collect and process tissues in support of cancer and auditory system neuropathology research.

Funding for this project will come from the previously approved $780,000 Lab Renovation project on the 1st floor Basic Science Building. That project was approved in as a part of the Capital Budget, and the purchase of an NMR originally included in that project will be postponed for a year or more as lab protocols are developed reducing the estimated renovation cost by $525,000.

We are asking for approval to reduce the scope of the previously approved renovation on the 1st floor of the Basic Science Building, and to use $525,000 of the approved budget for that project to accomplish the Basic Science Building 7th floor Tissue Preparation Lab project.

ESTABLISH PROJECT

FOR APPROVAL

December 14, 2012

PROJECT TITLE: Basic Science Building 7th Floor Noise Exposure Lab

PROJECT NUMBER: To Be Determined

TOTAL ESTIMATED BUDGET: $400,000

SOURCE(S) OF FUNDS: College of Medicine

JUSTIFICATION: This project involves the renovation of approximately 1,502 square feet of space located on the 7th floor of the Basic Science Building to accommodate relocation from the Walton Research Building so the Walton Research Building Renovation can begin in the spring. The project will include the tissue preparation lab and associated office and support space.

The noise exposure lab will be used by several NIH funded investigators to perform electrophysiological measurements of hearing losses associated with injuries caused by exposure to noise, ototoxic drugs, and age.

Funding for this project will come from the previously approved $800,000 Lab Renovation on the 6th floor of the Thurmond Gazes Building. That project was approved as a part of the Capital Budget, and included restoration of a lab space previously vacated due to extensive water damage. The scope of work has been significantly reduced to include minor renovations of other areas on that floor, and to convert the flood damaged area into a much needed storage space. The estimated cost for this reduced scope of work is $400,000 allowing the balance of $400,000 to be used for the Noise Exposure Lab project before you today.

We are asking for approval to reduce the scope of the previously approved renovation on the 6th floor of the Thurmond Gazes Renovation, and to use $400,000 of that originally approved project budget to accomplish the Basic Science Building 7th floor Noise Exposure Lab project.

SALE OF PROPERTY

December 14, 2012

PROJECT TITLE: Sale of Family Medicine Building to the MUSC Foundation

TOTAL ESTIMATED SALE PRICE: Fair Market Value

DISCUSSION: The Family Medicine Building located at 295 Calhoun Street needs over $1.5 million in HVAC repairs. Until recently the building was used to house a portion of the MUSC Physicians Family Medicine practice. That practice has been relocated to James Island and it is more advantageous for MUSC to sell the property than to invest the funds needed to prepare it for another use. We are seeking approval to sell the property to the MUSC Foundation for fair market value. This sale will need to be approved by the Budget and Control Board. Once Budget and Control Board approval is received, the Foundation will be positioned to place the property on the open market, and to execute a relatively quick sale once a buyer is identified. Any net proceeds above fair market value once sold by the MUSC Foundation will be deposited in an MUSC account for future use.
DESCRIPTION OF LEASE RENEWAL: This lease renewal is for 10,934 square feet of office space located at 125 Doughty Street. The purpose of this lease renewal is to continue to provide space for the Department of Psychiatry, Clinical Neuroscience Division, Drug Abuse Research Training and the Southeastern Clinical and Translational Research Institute. The cost per square foot for this renewal is $27.25. Included in the cost per square foot is $11.90 for estimated operating expenses. The monthly rental rate will be $24,829.29 (rounded), resulting in an annual rent amount of $297,951.50. Base Rent shall increase annually according to the CPI. Operating expenses shall increase annually based on actual costs with a 5% cap.

REGULAR Items

Item 25. **External Audit Report from KPMG.**

Mr. Brian Wiese, KPMG Healthcare Partner and Ms. Jodi Geary, KPMG Senior Manager – University, presented the results of the 2012 audits of the University and the Hospital Authority. They gave an overview of the FY 2012 audit results of both the University and the Hospital Authority, reporting that both entities had received unqualified opinions on the 2012 financial statements. Mr. Wiese and Ms. Geary stated they had received full cooperation from management and staff during the audits and there were no disagreements with management on accounting issues or financial reporting matters. Their presentation included a review of internal control observations and audit adjustments; focus areas for the Audit Committee as well as industry focus points.

Recommendation of Committee: That the report be received as information.

Item 26. **Review of the Audit Committee Charter.**

Mr. Hewitt stated the Audit Committee Charter had been distributed to the board and he asked for approval of the charter as presented.

Recommendation of Committee: That the Audit Committee Charter be approved.
