

Twenty-third Annual

Charleston Anesthesia Conference

Charleston, South Carolina

April 30—May 2, 2010

Sponsored by
College of Health Professions
Division of Anesthesia for Nurses

Program objectives

Again this year we will feature an outstanding speaker panel with a diverse range of topics. At the completion of the conference, participants should be able to:

- Understand MRSA transmission risk in the Hospital Setting;
- Identify some common pitfalls in anesthesia practice;
- Discuss ways to protect yourself as a provider of anesthesia service;
- Review current trends in blood and fluid management;
- Outline the key elements of an anesthetic record and explain the importance of each element;
- Outline a plan of approach to the patient with autism when doing the preanesthesia visit;
- List factors placing you at risk for sleepiness and fatigue;
- Appreciate the trends in the nurse anesthesia profession;
- Recognize symptoms of infectious disease;
- Understand and review NPPV;
- Identify the risks associated with nuclear, biologic and chemical terrorism;
- Review shunt physiology;
- Apply unique techniques in pulmonary isolation.
