Bachelor of Science in Healthcare Studies
General Education Requirements

Accepted students in the B.S. in Healthcare Studies (BSHS) program must successfully complete all of the general education requirements **before** enrolling in the program, as well as a minimum of 60 semester hours. To successfully complete the general education requirements, students must complete a **minimum of 30 semester hours** or the equivalent from at least one course from each of the following areas: humanities/fine arts, social/behavioral sciences, and natural science/mathematics. General education courses should not focus on skills, techniques, and procedures specific to a particular occupation or profession. Please note that many Associate of Applied Science programs do not fulfill the minimum general education requirement.
