Clinician survey:

October 2014

In an effort to increase collaboration between clinicians, educators, researchers, and College of Health Professions’ students, we are exploring an online “MUSC CHP Virtual Grand Rounds” pilot project. The goals of this project are to: 1) improve evidence-based collaboration between clinicians, faculty, researchers, and students, 2) positively impact the quality of patient care and 3) promote evidence-based practice of clinical education.
