Assistant Professor of Medicine  
Division of Pulmonary, Critical Care, Allergy and Sleep Medicine, College of Medicine  
Medical University of South Carolina, Charleston, SC

**MUSC Fellows**

DeAnna Baker-Frost, MD, PhD  
Stephen Elmore, MD  
Kimberly Hays, MD  
Katherine Silver, MD  
Rupak Thapa, MD  
Celine Ward, MD  
Ryan “Smitty” Weldon, MD

**Accommodations**

A block of rooms has been reserved for this conference. To secure your room at the Mills House Wyndham Grand Hotel at 115 Meeting Street, please call 866-781-3643 and state that you are attending the MUSC Rheumatism Society Annual Meeting. The room rate is $329.00 single/double per night plus any applicable city, county, state or federal taxes that may apply at the time of room occupancy. Currently, the guest room tax rate is 13.5%. When you make your reservation, please be sure to ask about any early departure fees or cancellation penalties. The hotel room block is scheduled to be held until March 28 at 5:00 pm EST but may be sold out before this date. Therefore, we advise you to register for the program and reserve your lodging as soon as possible. You may visit the hotel website at www.millshouse.com. The Hotel’s check-in time is after 3:00 pm. Check-out is 11:00 am.

**Parking:** Current Parking fees per day are as follows: Valet Parking rate is currently $32.00 per day & will be charged to individual guest rooms on a nightly basis. Self-parking is located in the Charleston County Municipal Parking Garage located behind the Hotel. Self-parking is a separate charge paid directly to the garage upon exiting. The Charleston Airport is approximately 8 miles (30 minutes with traffic) from the downtown area.

**Course Objectives**

**Aryeh Fischer, MD**
- Distinguish the patterns of ILD and the complex intersection of interstitial lung disease and connective tissue disease
- Determine the appropriate evaluation of idiopathic interstitial pneumonia and of interstitial lung disease in patients with connective tissue disease
- Discuss the management of connective tissue disease associated interstitial lung disease.
- Discuss the novel classification of “interstitial pneumonia with autoimmune feature”
- Recognize the heterogeneity of lung disease in RA
- Discuss prognostication in CTD-ILD

**Donald P. Goldsmith, MD**
- Categorize the clinical manifestations of the major autoinflammatory disorders
- Apply the molecular physiology changes to design appropriate therapy for autoinflammatory disorders
- Identify some of the more recently described autoinflammatory diseases
- Describe the contributions of George Frederick Still to pediatric rheumatology
- Recognize the clinical features of systemic onset JIA
- Explain the rationale for the success of certain anti-cytokine agents in the treatment of systemic onset JIA

**Brian Mandell, MD, PhD**
- Recognize and describe gout as a reversible disease of urate deposition
- Discuss the biologic factors influencing which patients with urate deposition experience gout flares
- Utilize aggressive urate lowering enzyme replacement therapy when indicated

**Alessia Ogdie-Beatty, MD, MSCE**
- Review the pathophysiology of the spondyloarthropathies and potential treatment targets
- Examine the available therapies for spondyloarthropathies and their mechanism of action
- Discuss risks and benefits of available therapy and available treatment guidelines
- Review the classification of PsA and disease manifestations
- Examine assessment methods for disease manifestations including available imaging modalities
- Discuss comorbidities associated with PsA
- Consider how comorbidities impact optimal management in PsA

**Andrea M. Rinn, DO**
- Review sleep physiology and highlight several sleep disorders commonly seen in the rheumatology population
- Discuss the evaluation of patients with sleep disorders including differentiating between fatigue and daytime sleepiness
- Confidently use treatment options for common sleep disorders and Discuss the relationship between pain and sleep
