This half day lectureship will bring together world class Head & Neck specialists to discuss improving the quality of health care for patients with head and neck cancer.

Keynote Speaker
Cherie-Ann O. Nathan, M.D., F.A.C.S.
Jack W. Pou Endowed Professor and Chairman; Department of Otolaryngology/HNS, LSU Health-Shreveport; Director of Head & Neck Surgical Oncology and Cancer Research, Fiest-Weiller Cancer Center.

Dr. Nathan received her M.D. degree from the University of Bombay. She completed residency training at University of California, San Diego and received her post-doctorate from Johns Hopkins University. Dr. Nathan is a Surgeon-Scientist that maintains a busy practice treating head & neck patients. Her research has been funded by NCI since 2000. She is nationally recognized for her seminal work on molecular analysis of surgical margins and has pioneered a multi-institutional trial using mTOR inhibitors. She has over 140 publications and has authored many textbooks.

Credit Designation
The Medical University of South Carolina designates this live activity for a maximum of 4.00 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Accreditation Statement
The Medical University of South Carolina is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Born in Maryland, Dr. F. Johnson Putney was a graduate of Furman University. He attended medical school at Jefferson Medical College, where he also completed pathology and medical/surgical internships. While serving a preceptorship with Dr. Louis H. Clerf, he also studied anatomy at Harvard Medical School. He finished residency at Manhattan Eye, Ear and Throat hospital and continued there as a faculty developing his specialty in head and neck surgery and was a diplomate of the American Board of Otolaryngology.

Dr. Putney served in the United States Army in World War II and received the Meritorious Service Award. After the war, he taught and practiced at Thomas Jefferson Medical College and other Philadelphia hospitals. Fortunately for Charleston and MUSC, he joined the faculty in the Department of Otolaryngology in 1967 as Professor of Otolaryngology.

A founding member and first treasurer of the American Society for Head and Neck Surgery, Dr. Putney also served as President of the American Broncho-Esophagological Association, the American Laryngological Association and the South Carolina Otolaryngology Society. He held offices in numerous other societies, including the American College of Surgeons, and was well known for his editorial abilities. The author of more than 100 articles and book chapters, he has been Guest of Honor of the ABEA and the ALA. Dr. Putney is a recipient of The Newcomb Award and was elected an Honorary Fellow of the American Society for Head and Neck Surgery in 1996. Dr. Putney died on December 17, 2004. He is survived by his wife, Ginger, who still resides in Charleston. He is also survived by three sons, a daughter and five grandchildren.
