CREDIT DESIGNATION

The Medical University of South Carolina designates this live activity for a maximum of 10.75 AMA PRA Category 1 Credit(s)™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

ACCREDITATION

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of Medical University of South Carolina and South Carolina Rheumatism Society. The Medical University of South Carolina is accredited by the ACCME to provide continuing medical education for physicians.

Please see reverse side for Practice Managers Seminar Agenda
COURSE OBJECTIVES

**Clifton O. Bingham III, MD**
- Recognize the spectrum of rheumatologic immune-related adverse events (IRAEs) associated with cancer immunotherapy
- Differentiate features of rheumatologic IRAEs from “traditional” rheumatic diseases
- Develop an approach to treatment for rheumatologic IRAEs in collaboration with oncologists
- Describe new developments in treatment approaches for rheumatoid arthritis
- Identify new therapeutic agents on the horizon

**Caryn A. Libbey, MD**
- Discuss the changing presentation of amyloidosis in 2018, wild type very common
- Perform biopsy or aspirate needed for diagnosis—may need fibril identification in some patients
- Identify rheumatologists uniquely positioned to help make diagnosis

**Scott L. Runyon, MD**
- Distinguish the differences in treatment strategies for acute and chronic pain
- Identify specific issues with rheumatologic patients that make pain management difficult
- Review the use of opioid medications for the treatment of non-malignant chronic pain
- Review non-opioid medication options for the treatment of chronic pain
- Discuss the breadth of non-medication treatment options for patients with chronic pain
- Identify disease specific treatment options depending upon the presumed etiology of the pain and/or comorbid disease processes
- Recognize what an interventional pain provider can (and cannot) do to help your patient

**Richard M. Silver, MD**
- Review the pathophysiology of Raynaud Phenomenon (RP)
- Provide clues to the diagnosis and differential diagnosis of RP
- Discuss the medical and surgical management of RP
- Discuss South Carolina’s first rheumatologist - Dr. Walter Bonner
- Provide an overview of MUSC’s Division of Rheumatology
- Relate the dramatic growth of rheumatology in South Carolina

**Victoria P. Werth, MD**
- Discuss recent developments in pathogenesis of CLE.
- Identify classification, evaluation, and treatment of CLE
- Recognize new targets for treatment of CLE
- State new classification criteria for dermatomyositis
- Describe skin findings seen in dermatomyositis
- Evaluate patients with dermatomyositis
- Establish new treatments for dermatomyositis
