You have the opportunity, right now, to make a difference at MUSC through the Annual Fund. With state funding at historically low levels, your support is more important than ever.

Many gifted and hardworking students would not have access to an MUSC education without the assistance provided by generous donors like you to the Annual Fund.

Give what you can each year. All gifts, large or small, make a big difference.
What is the Annual Fund and what does my gift support?

Everyone benefits from your gifts to the Annual Fund.

- Students benefit because it supports scholarships, student travel, building renovations, emergency loans and more.
- Giving improves the College’s standing in national rankings and allows MUSC to be more competitive when applying for foundation grants.
- Alumni benefit because as the James B. Edwards College of Dental Medicine thrives, so does the value of an education received there.

What can my Annual Fund gift do?

- A $4,000 gift can underwrite a summer research fellowship.
- A $1,000 gift can provide a scholarship award.
- A $500 gift can buy books for a semester.
- A $250 gift can purchase instruments.
- A $50 gift can cover student travel expenses.
