Naming opportunities are a tangible way for the college to recognize the generosity of our alumni and friends. There are a variety of ways to link your name in perpetuity to the college or permanently honor someone. By attaching your name to the college, you are providing funds for students, facilities, programs, equipment and helping build a stronger future for the institution. Generations to come will reap inspiration from the names that nurtured the college throughout its history.

A New Era of Preclinical Instruction

The Simulation and Simulation Support Laboratories, located on the fifth floor of the Basic Science Building, have advanced the college to the cutting edge of modern technologies in an environment designed to give students a feel for what it’s like to work in an actual, functioning operatory. The labs feature interconnected faculty and student computers, lifelike anatomically correct manikin heads, and CAD/CAM technology. Naming Opportunities of student stations and work spaces start at $10,000.

The Nation’s Newest and Most Advanced Dental Education Facility

Through an increase in square footage and a more efficient utilization of space, the new Clinical Education Center has placed our students on the cutting edge of dental education and our patients at the forefront of new innovations in clinical care. The 120,000-square-foot building with 190 dental operatories provides an innovative learning environment for clinical practice while forging a distinctive physical identity for the College of Dental Medicine. Naming Opportunities for patient care and clinical educational areas start at $10,000.

Many contributors are able to immediately realize their dreams of creating lasting legacies by making multi-year pledge commitments, including the college in their estate plans, or a combination of both. The following is a sampling of naming opportunities in the college. We encourage you to speak with the dean, faculty, or development director about your area of interest for more detailed information. Annual naming opportunities start at $1,500; perpetual naming opportunities start at $10,000.
