PURPOSE: The MUSC Swim Club is a structured swim program for youth 16 & under looking to enhance their swimming skills. This program focuses on stroke development, body mechanics and techniques associated with all four major swim strokes. The swimmers will also learn to perfect drills, enhance athletic ability, learn to use specific equipment, understand interval training, and will be introduced to learning and understanding basic swimming sets. JUNIORS & SENIORS: (ages 8 to 16) This group is for swimmers working toward improving speed, technique and endurance. Continued development of all 4 strokes will be the primary goals. There will be an introduction to drills, interval training, turns and race strategy.
Prerequisite: Participant must be able to swim 50 meters and be able to swim 3 of the 4 strokes (freestyle, backstroke, breaststroke and butterfly).
