James Johnson 792- 7141 - Director of Group Exercise

Abs - An abdominal core class. The class involves cardio and resistance training that targets the abdominal core. The class will use Hydro Bells and Noodles. Open to all levels.

Aqua Action - A traditional water aerobics class. You will learn how to reach a challenging level of intensity through manipulating resistance, speed, and the type of movement. The Aquatic Step and Hydro Tone Bells may be used as part of this class.

Aqua Fit - An energetic and challenging water class for all levels. The class will be using Hydro Bells and Noodles with a concentration on core muscles.

Aqua Stretch - Designed to increase flexibility and balance. The class utilizes noodles and various props to challenge and encourage core strengthening.

Aqua Tone - Open to all levels and involves total body strength and aerobic conditioning.

Barre – A class that fuses some of the best elements of Ballet Barre, Pilates, and Yoga into an effective workout that strengthens, tones, and improves flexibility, balance and posture.

Body Bar Essentials – A little slower paced body bar class. Focus is on technique & fundamental lifts that challenge the major muscle structures. Thorough warm-up, core conditioning and stretching included!

Body Bar Conditioning – Faster pace class that challenges muscular & cardiovascular conditioning as well. More total sets and reps than BB Essentials with a wider variety of lifts. Great overall conditioning workout!

Body Bar Strength – Heavier lifting that focuses on strength building. Power, Bodybuilding, and Olympic style lifts that target all the major muscle groups. Perfect complement workout for individuals who primarily focus on cardiovascular training!

Body Blitz Workout – An excellent class for improving muscle tone, strength and stamina! The class is easy to follow and utilizes intervals and circuit style workouts that include weight training, cardio intervals, body weight functional training and core work!

Cardio Power Hour - Higher end fitness level class that uses intense cardio intervals with strength training to maximize results.

Core Essentials - This course trains the Core muscles both as movers and stabilizers. The goal is to improve functional ability, control, power and coordination. Class involves exercises performed in stabilized and destabilized standing, seating and lying positions and through all three planes of motion.

Fitness Xpress – This is a fun and vigorous cardiovascular workout with an additional core conditioning component that lasts for 30 minutes.

Foam Roller (SMR) – A class that focuses on RECOVERY! Foam rolling increases circulation and releases trigger points in muscles speeding recovery while reducing soreness. Other benefits include: Increased functional range of motion, improved posture and improvement in your ability to train harder more often.

Group Cycling - This group class is designed to condition the cardiovascular system and strengthen the lower body. Group cycling focuses on climbing hills, traveling flat roads, sprinting, and endurance. This class is designed for competitive and noncompetitive cyclists and triathletes as well as beginners and any fitness enthusiasts. It is taught by certified group cycling instructors using music to create a fun and motivating environment.

Group Cycling Xpress – This class is the same format as the regular Group Cycling class but only lasts for 45 minutes.

Joe D Bands, Total Fitness - This class focuses on all components of fitness: cardiovascular, strength, endurance, flexibility, and body composition. It also develops power and speed. Band training is easy on the joints, yet produces significant results in improving neuromuscular training adaptations. It will result in improved strength, muscle tone, coordination, and flexibility. Sessions include techniques used by professional athletes and college athletic programs. All levels are accommodated.

Karen’s Class - Structured fitness program for seniors. Exercises are done on the floor and in a chair. The class focuses on toning, stabilization, muscular endurance, strength and flexibility.

Pilates Mat - This Pilates based Mat class is a total body non-impact workout that stretches, strengthens and lengthens the entire body, with emphasis on the core muscles.

Pilates Mat with Ball - Experience the entire classic Pilates mat exercises while incorporating the stability balls. Stretch, strengthen and increase your balance and coordination. An incredible core workout!

Pilates Mat with Foam Roller - This Pilates based class is a total body non-impact workout that stretches, strengthens and lengthens the entire body with emphasis on the core muscles with the added benefits of the foam roller which releases muscular tension and assists in stretching muscles.

Pilates Mat using the Circle - This is a classical Pilates Mat class using the circular resistance band. The Magic Circles are used to provide resistance and neuromuscular feedback. They are especially effective for toning the arms, chest, hips and thighs. Magic Circles are provided.

Piloxing – An exciting fitness program that blends some of the best of Pilates, Boxing, and Dance into a high energy interval workout.

Piloxing Barre – A well-rounded low impact fusion workout of Ballet, Pilates & Boxing! This class uses the Ballet Barre for both support and resistance. An excellent overall endurance and toning workout that improves flexibility, balance, and stabilization!

Physio-Ball Workout – This class will deliver an overall body workout that will challenge and improve muscular endurance and strength, improve cardiovascular fitness, increase core strength and control, and improve body efficiency and function.

STAE Fit -Structured fitness program for seniors incorporating balance, strength and cardiovascular exercises in a social, group environment.

Tae Bo® - A program that combines the best variety of different exercise disciplines to provide an overall workout. Tae Bo® is the combination of self-awareness and the control of martial arts, the focus and strength of boxing and the grace and rhythm of dance. Tae Bo® develops cardiovascular and muscular endurance, strength, speed, balance, coordination, body awareness, and mental focus. Tae Bo® is taught by a Tae Bo® instructor certified through the Billy Blanks World Training Center.

Tae Bo® Xpress – This class is the same format as the regular Tae Bo® but only lasts for 30 minutes.

Tri Water - Open to all levels. Class involves running, cycling, and swimming interval drills which are all done in the water. Approx. one hour.

Urban Groove – A fun, high energy Hip-Hop, Popular and Club music-based dance fitness class. Cardiovascular workout that burns lots of calories while you learn fun dance moves to some of the hottest music from the dance clubs and radio!

Water Cardio - Be prepared to be challenged during this 40 minutes of an intense cardiovascular workout. Be sure to bring a water bottle.

Water Gym - A 60 minute combination of aerobics, resistance training, stretching and balance. Be sure to bring a water bottle.

Yoga - Yoga is about bringing the Mind, Body and Spirit into such harmony that one’s natural rhythm can be felt and followed. The focus is on warm-up, stretching, breathing and postures teaching you to trust in your body’s wisdom bringing a sense of peace and renewed vitality.

Yoga, Rise and Shine - A one hour practice that gently awakens one for the day ahead.

Zumba - Combines high energy and motivating music with unique moves and combinations. It is a fusion of Latin and international music and dance that create a dynamic, exciting, effective fitness system! It is a mixture of body sculpting movements with easy to follow dance steps.

Zumba Gold - This class targets the largest growing segment of the population, baby boomers. Zumba Gold takes the Zumba formula and modifies the moves and pacing to suit the needs of the active older participant. It is a dance-fitness class that feels friendly and, most of all, fun.
