Statement: Prior to the start of the committee meeting, Dr. O’Bryan made the following motion: “In accordance with section 30-4-70 of the South Carolina Code, I move that we go into closed session to discuss personnel action including the employment, appointment, compensation, or promotion of an employee and matters relating to the proposed expansion of clinical and educational services.”

Board Action: It was moved, seconded and unanimously voted to move into closed session following the conclusion of committee meetings.

The meeting was called to order at 8:07 a.m. by Dr. James Lemon, on behalf of Murrell Smith.

Item 6. Medical University Hospital Authority Status Report

Dr. Patrick Cawley, CEO MUSC Health, gave a status update with focus on goal performance year to date as well as health reform. In terms of goals performance, the six pillar goal areas were reviewed. Service pillar is not meeting performance but there are many active efforts underway. People pillar is focused primarily on the recent employee and physician survey. Dr. Cawley will review this pillar in more detail at the next board meeting. Quality pillar has a mix of outcomes and Dr. Scheurer will update board today on those. In the Finance pillar, there is green performance in cash, but the operating margin is not currently achieving goal due to the additional pension expense levied on MUHA. Growth and Innovation pillars are headed in the right direction with a lot of efforts underway in length of stay reduction and 30 day readmit goals.

Dr. Cawley then gave an update on health care reform with a focus on the seven key points of the MUSC / MUSC Health position on health care reform. There was robust board discussion around these seven points which are as follows:

1. We remain committed to engaging with other leaders to develop a meaningful plan. It is the only way to ensure a better, healthier future for the people of our state and the patients we care for at MUSC every day, especially those who need health care most.
2. Improving health care coverage is a priority since the absence of coverage is associated with poor outcomes.
3. MUSC has very thin budget margins, so any policy decisions that increase the number of uninsured that we provide care for places us in a very difficult budget situation. We have to provide care for South Carolinian’s whether they have insurance or not. Providing care is our mission.

4. Repeal must be accompanied by replacement plan. The health system is highly interdependent and complex, and repeal without replacement runs the risk of causing significant disruption to health care providers as well as the health insurance market.

5. Health reform plans should not unfairly treat states that did not expand Medicaid.

6. Plans that convert Medicaid to a per-capita allotment or block grant potentially put SC at a disadvantage. Such plans need extensive discussion and vetting to ensure the methodology does not hurt South Carolinians. Such plans should be accompanied by significant regulatory relief.

7. Health care reform should not disadvantage GME support.

Action: Report received as information.

Item 7. Medical University Hospital Authority Financial and Statistical Report

Mr. Mike Dacus, Interim CFO, gave an update on MUHA’s financial status through February 2017. Highlights include:

- Gross Revenue is up 10% year over year
- Net Revenue is up 2% year over year
- Operating Margin is at 2.2% which is down primarily due to pension expense
- Days in A/R at 55
- Days Cash on Hand at 41 and continuing to improve

Action: Report received as information.

Item 8. Report on Quality and Patient Safety

Dr. Scheurer reviewed several WINS and current performance on the quality pillar, including the serious safety event rate. She then reviewed upcoming ranking timelines for 2017, including the spring release of Leapfrog (MUSC is a "B" rating in the spring release). She announced an update on Baldrige and that MUSC has been granted a site visit for the state program, to be completed in late June-early July. She highlighted the Quality area of Care team safety, and the Quality registry Vascular Quality Initiative (VQI). She gave a brief update on the Heart Transplant program, of which more information is forthcoming in tomorrow’s meeting with Dr. Tom DiSalvo.

Action: Report received as information.

Item 9. Letter of Support for ACS Triennial Re-verification of MUSC Level 1 Trauma Program.

Dr. Danielle Scheurer, Chief Quality Officer, MUHA, requested Board of Trustees approval for a letter of support for the ACS Triennial Re-verification of MUSC’S Level I Trauma Program.

Action: Recommend approval.
Item 10. Update on MUSC Physicians

No report.

Item 11. Legislative Update

Mr. Mark Sweatman gave an update on the following legislative activities at the state level:
- Statewide Health Innovation
- Statewide Teaching Partnerships
- SC Telehealth Alliance
- Burn Unit
- Procurement Efficiency

Mr. Sweatman also shared the following documents with the Board:
- Letter from the presidents of the South Carolina's higher education institutions written to Governor McMaster in support of the bond bill
- Letter to MUSC faculty, staff and students regarding potential cuts in NIH funding

Action: Received as information

Item 12. Other Committee Business.

None.

CONSENT AGENDA

Item 13. MUHA Appointments, Reappointments and Delineation of Privileges

The committee reviewed the appointments, reappointments and delineation of privileges requests for the months of January and February 2017. These have been recommended for approval by all appropriate committees.

Action: Recommend approval.

Item 14. Medical Executive Committee Minutes.

Committee minutes from January and February 2017 were reviewed by the committee.

Action: Received as information.

Item 15. Medical Center Contracts and Agreements

Contracts and agreements entered into since the last board meeting were presented.

Action: Received as information.

There being no further business, the committee adjourned 9:15 a.m.

Respectfully Submitted
