Board Action: It was moved that the Minutes be approved. The motion was seconded, voted on and unanimously carried.

RECOMMENDATIONS AND INFORMATIONAL REPORTS OF THE PRESIDENT.

OLD BUSINESS: None.

NEW BUSINESS:

Dr. Greenberg asked Dr. Andrew Kraft to introduce the speaker. Dr. Kraft is Director of Hollings Cancer Center. He has been on sabbatical for the past year and has come back to begin the process of working on the renewal of the National Cancer Institute designation. Dr. Kraft was pleased to introduce Dr. Phil Howe who has come to us from the Cleveland Clinic to be Hollings Cancer Center’s Associate Director of Basic Science. He was trained at the Medical College of Georgia and did a post doctoral fellowship at Vanderbilt and then spent twenty years in Cleveland.
Dr. Howe provided an overview of his research on the metastasis of cancer cells. These secondary tumors are responsible for more than 90% of cancer-related mortality; however, is one of the most poorly understood processes in cancer biology. He discussed his work using mice and zebrafish to study metastasis and pave the way for targeted chemotherapy.

At the conclusion of his presentation, Dr. Greenberg asked Dr. Kraft to make a few comments about the efforts for the successful renewal of the NCI designation for the Cancer Center. Dr. Kraft said the renewal presents a major challenge. We did a wonderful job building the cancer center but maintaining our programs is clearly a challenge. We need to extend our programs to the prevention and control of cancers which will require a number of recruitments. With the two new buildings coming online it gives us a chance to bolster our basic science program and help with the recruitments in an extremely competitive environment. The major challenge is getting the best people and being able to pay for them.

Next, Dr. Greenberg distributed his report of activities since the last meeting which has been a very busy time. There are a lot of positive opportunities going on at the moment. He also reported that the University has received a verbal acceptance from Dr. Benjamin Carson, a world renowned pediatric neurosurgeon at Johns Hopkins, to be the commencement speaker.

Recommendations of Administration: That the report be received as information.

Board Action: Received as information.

Item 5. **Office of General Counsel.**

Statement: Dr. Greenberg presented a proposal to restructure the general counsel position to integrate the offices of general counsel on the University side and the Hospital Authority legal office. He asked for approval to create an integrated office of General Counsel and appoint a Senior General Counsel and an Associate General Counsel for Health Affairs.

Recommendation of Administration: That the recommendation to create an integrated office of general counsel and appoint a Senior General Counsel and an Associate General counsel for Health Affairs be approved.

Board Action: A motion was made, seconded and unanimously approved to create an integrated office of general counsel and appoint a Senior General Counsel and an Associate General Counsel for Health Affairs.

University Officers and Committee Staff Present: Dr. Phil Costello, Mr. Jim Fisher, Dr. Raymond S. Greenberg, Mr. William C. Hood, Ms. Lisa Montgomery, Mr. Stuart Smith, Dr. Etta Pisano, Dr. Mark Sothmann, Dr. Joann Sullivan

Meeting Time: 12:45 pm-1:15 pm

Regular Agenda

Item 8. General Report of the Associate Provost for Research
Mr. Jim Fisher presented the report for the Associate Provost for Research. Total FY11-12 extramural research funding for the period ending January 31, 2012 is $122.7 million (NIH – $52.7 M). Compared to pre-ARRA (2009) levels of $115.6 M (NIH – $50.5 M), MUSC’s total extramural funding continues to track upward.

Mr. Fisher reported on NIH FY2011 rankings of colleges and departments. It was noted that the College of Nursing rose from 49th in FY10 to 30th place in FY11 out of 80 nursing schools. Departments within the College of Medicine with top rankings include Psychiatry (9th out of 86); Neurosciences (6th out of 48); Biochemistry (20th out of 105).

Two new recruitments were highlighted. Stephen P. Ethier, PhD, Professor of Pathology and Laboratory Medicine, was recruited from Wayne State University. Dr. Ethier holds the Countess Alicia Spaulding-Paolozzi Distinguished Endowed Chair in Breast Cancer Diagnosis, Treatment and Research. His research focuses on genome-wide studies of breast and other cancers. Chandita Hughes-Halbert, PhD, Professor of Psychiatry and Behavioral Sciences, was recruited from the University of Pennsylvania. Dr. Hughes-Halbert holds the AT&T Distinguished Endowed Chair in Cancer Equity in the Hollings Cancer Center and the SmartState™ Center of Economic Excellence Endowed Chair in Cancer Disparities.

Recommendation of Administration: That the report be received as information.

Recommendation of Committee: That the report be received as information.

Board Action:

Item 9. General Report of the Vice President for Development
Mr. Fisher reported that through December 31, 2011, MUSC received $30.5 million in new gifts and pledges. This places us at about 93% of last year’s calendar year-end totals ($32.6 million). He noted that we remain encouraged by the number of leadership gifts that have been verbally committed and are expected to close within the next few months.
Mr. Fisher reported that an anonymous alumnus has made arrangements through his estate to endow a chair for $1 million in the College of Medicine. It is the donor’s wish that the Dean of the College have the flexibility to strategically utilize the chair where it is needed most.

Mr. Fisher reported on significant new gifts from recurring donors. Keith and Wendy Wellin pledged $500,000 to endow the Wellin Distinguished Endowed Chair in Maxillofacial Prosthodontics and Dental Oncology. Dr. Pamela M. Kaminski, Dental Class of 1989, has committed to an additional deferred gift of a trust currently valued at $500,000. The trust will establish an endowment for the Dr. Pamela M. Kaminski Special Care Dentistry Center in the Clinical Education Center. The Dr. Pamela M. Kaminski Special Care Dentistry Center will be formally dedicated on Saturday, February 25, 2012, from 12:00 noon until 2:00 p.m. on the 5th floor of the Dental Clinical Education Center at 29 Bee Street. Invitations to attend the dedication have been mailed to Board members.

Mr. Fisher also reported on gifts from MUSC faculty. The family of Dr. Paul O’Brien donated $250,000 to support surgical oncology and the family of Dr. John Colwell donated $150,000 in support of diabetes research and education.

Mr. Fisher also presented results from an analysis of email "open" rates, email "response" rates, and email "unsubscribe" rates. He noted that we are well above industry standards for email open and response rates, however, email unsubscribe rates are of some concern. When individuals "opt out" of receiving the newsletter, they no longer receive any other email mailings. It is not clear what is leading to the high unsubscribe rate, but it could be due to too many newsletter mailings, or the appropriate audience is not being targeted.

Recommendation of Administration: That this report be received as information.

Recommendation of Committee: That this report be received as information.

Board Action:

Item 10.

General Report of the CEO of the MUSC Foundation

Mr. Anderson reported that the Foundation increased total assets by $17 million or 4.5% for trailing 12 months at 12/31/11 to $397 million.

Mr. Anderson also noted that the Board is exploring various fee scenarios to increase current $1.2 million annual funding to Central Development Office in conjunction with Medical University RCM process. The Board is also contemplating a reduced endowment payout rate from the current 4.5% level to a rate closer to NACUBO peer average of 4.1%.

Mr. Anderson commented on the investment returns compared with our benchmark, noting that we are still experiencing high volatility in the market. We have underperformed at 1 year returns, but have outperformed based on our 3 year returns.

Recommendation of Administration: That this report be received as information.

Recommendation of Committee: That this report be received as information.

Board Action:
Item 11. General Report of the Executive Director of the MUSC Foundation for Research Development

Mr. Hood reported that new inventions reported from the faculty are on a record pace through the first six (6) months of the fiscal year. This improvement is due to recent efforts to engage the faculty but it will challenge FRD resource allocation including the patent budget.

Dr. Fishburne recapped the recent news of Mr. Chip Hood accepting a new position as General Counsel for Clemson University, and acknowledged Mr. Hood's many contributions and accomplishments in enhancing the Foundation for Research Development. Mr. Hood introduced Robert Donato, J.D., as Interim Executive Director of FRD.

Recommendation of Administration: That this report be received as information.
Recommendation of Committee: That this report be received as information.

REGULAR Items

Item 19  Authorization to give Procurement Director the Authority to Approve Increase in Purchasing Card Transaction Limit for Single Transactions up to $10,000.

Mr. Patrick Wamsley presented a request for the board to give the purchasing director the authority to approve increases in the single-transaction limits for purchasing card transactions up to $10,000.

Recommendation of Committee: A motion was made, seconded and unanimously voted to give the purchasing director the authority to approve increases in the single-transaction limits for purchasing card transactions up to $10,000.

Item 20  Financial Status Report of the Medical University of South Carolina

Mr. Patrick Wamsley presented the December 31, 2011 Interim University Financials. He reported that at December 31st the University had 66 Days of Operating Cash, a Change in Net Assets of $3.3 million and a Current Funds margin of -.94%. Mr. Wamsley explained that the major factors affecting net assets were the reduction of Capital Grants and Gifts, additions to Endowment as well as a material loss in investments for the fiscal year. He also noted that Federal Grant revenues were being closely monitored.
Recommendation of Committee: That the report be received as information.

**Item 21  Financial Status Report of University Medical Associates**

Ms. Gina Ramsey reported that UMA a $33 million increase in charges over the same period last year. Collections are up $3.7 million. UMA has 274 days cash on hand and the debt service coverage is 7.91.

Recommendation of Committee: That this report be received as information.

**Item 22  Financial Status Report of the MUSC Foundation for Research Development**

Ms. Michelle Garbiras reported the first six months of this fiscal year reflect a net asset increase of $613K. This increase was due primarily to the Immunologix acquisition by Intrexon.

There has been license and royalty income of nearly $1.9M received year to date. Of this amount, approximately $1.2M has been paid or is set to be paid back to MUSC inventors and their respective departments and labs. There is about $800K that remains which per the MUSC IP policy is to be used to encourage further research and intellectual property development.

Compared to budget, FRD is on target. The biggest variation is the license and royalty income and expense categories due to the recent successes.

Recommendation of Committee: That this report be received as information

**Item 23  Other Committee Business.**  None

There being no further business, the meeting was adjourned.

Procurement Director Authorization

Prior to enactment of the SC Higher Education Efficiency and Admin Policies Act of 2011 (HEEAPPA) the University Procurement Director could request an approval from the State Procurement Officer for use of the PCard for transactions exceeding the State’s (and PCard) single-transaction limit of $2,500.00. On several occasions the PCard Coordinator requested and received permission from the State Procurement Officer to provide a cardholder a one-time override for a specific purchase.

Because the HEEAPPA Act authorizes each College’s or University’s governing board to approve increases in the single-transaction limits for PCard transactions up to $10,000, the State Procurement Officer will no longer entertain requests for approval for PCard purchases exceeding $2,500.00. We are, therefore, requesting the Board’s written approval to give the Procurement Director the authority to approve, on an individual basis, an increase in $2,500 the single-transaction limit (not to exceed $10,000) for an individual cardholder for a specific transaction where the use of the PCard would be the best or only payment option.

PROJECT TITLE: College of Dental Medicine - Craniofacial Biology Office Renovations

PROJECT NUMBER: To Be Determined

TOTAL ESTIMATED BUDGET: $300,000

SOURCE(S) OF FUNDS: College of Dental Medicine and Related Departmental Funds

JUSTIFICATION: The Basic Science Building (BSB) is a seven-story 332,696 gross square foot building, used for education, research, and office space. Prior to construction of the Dental Clinics Building, space on the second and third floors of BSB was used primarily for dental clinical education. Current plans call for the space on the east end of the second floor to be converted into research, educational, and office space for the Department of Craniofacial Biology.

This request is to renovate approximately 1,800 assignable square feet of existing space on the second floor of BSB into office and conference room space for the Department of Craniofacial Biology chair and department administration. The conference room space will be utilized primarily for education purposes.

Funding for this project will come from the College of Dental Medicine and the Department of Craniofacial Biology.

This request is for approval to renovate approximately 7,500 assignable square feet of interior space into research laboratory space for the Department of Craniofacial Biology. This wet bench space will consolidate research space for NIH-funded investigators in oral cancer and other oral health-related research activities. The renovation will include approximately 190 linear feet of wet lab benches, and various support space (including tissue culture rooms, an autoclave room, a dark room, a microscopy room, and lab technician spaces).

Funding for this project will come from the College of Dental Medicine, Department of Craniofacial Biology and the Office of the Provost.
DESCRIPTION OF LEASE RENEWAL: This lease is for 75,018 square feet of space located at 4295 Arco Lane in North Charleston. The purpose of this lease renewal is to continue to provide space for the MUSC Record Center, Library Archives, Property Control, University Press and Materials Management. The cost per square foot for this lease is $1.82 (rounded). The monthly rental amount will be $11,400.00, resulting in an annual rent amount of $136,800.00.
