RECOMMENDATIONS AND INFORMATIONAL REPORTS OF THE PRESIDENT.

OLD BUSINESS: None.

NEW BUSINESS:

Dr. Cole asked Dr. Sothmann to introduce the speaker. Dr. Sothmann said the Institution is in the midst of a process called Reaffirmation of University Accreditation by SACS, the Southern Association of Colleges and Schools. An Office of Institutional Effectiveness was created in 2012 in anticipation of the SACS Reaffirmation. Dr. Suzanne Thomas is leading that office and will discuss the process. SACS accredits all southern institutions of higher education that receive federal funding for student financial aid. There are about 100 standards that must be met and the steering committee and ten subcommittees have begun work on this effort. Also, a Quality Enhancement Plan must be submitted. There is also a peer
review process and reviewers will be on campus in 2017. She reviewed student loan
debt and default rate, which is enormous.

She discussed what the Office of Institutional Effectiveness has been accomplishing
since it was established in 2012. The role of the office is to create, implement and
sustain a standardized, university-wide process to assess the University's
effectiveness at all levels of the institution.

At the conclusion of the presentation, Dr. Cole stated the University is very fortunate
to have Dr. Thomas in her role as Director of the process.

Dr. Cole provided an overview of progress with the strategic plan. There are five
major parts of the strategy – Compassion, Respect, Innovation, Collaboration and
Integrity. He discussed the following goals and the projected outcome in five years:
-Advance New Knowledge and Scientific Discoveries to be nationally recognized for
cutting edge discoveries;
-Embrace Diversity and Inclusion to be a recognized leader in diversity where every
member is respected and valued;
-Foster Innovative Education and Learning to have innovative learning environments
and opportunities for students, staff and faculty;
-Commit to Patients First to deliver high value evidence-based care that respects
patient and family roles;
-Build Health Communities to have an integrated Health system that will improve the
health of the MUSC family and the communities we serve.

Regular Agenda

Item 6. General Report of the Associate Provost for Research

On behalf of Dr. Kathleen Brady, who is out of the country, Dr. Chris Davies, Interim Assistant Provost for Research Infrastructure, reported on extramural research funding at MUSC for FY15. Dr. Davies presented a few slides derived from the ORSP Annual Report to summarize highlights for FY2015. A comparison of 10-year data shows that MUSC achieved a new record level of extramural research funding in FY2015 of $247.8 million and a 13.7% increase from FY2014. The major increase stemmed from corporate funding, which represents 31% of total funding in FY2015 compared to 24% in the prior year. Some of this increase is attributable to large grants from Bristol Myers Squibb, Penumbra and Janssen R&D. Federal funding also increased by 1.6%, with NIH funding up by 4.1%. All colleges showed increases in extramural funding. It was noted that these data are tangible evidence of MUSC’s success in diversifying its research portfolio in terms of sources of support.

Item 7. General Report of the Vice President for Development

Mr. Jim Fisher reported that through October 6, 2015, $23.8 million in new gifts and pledges has been secured, a pace that is well ahead of this time last year. Mr. Fisher noted that highlights of recent gift activity are included in the BoT agenda, but he made mention of a few of the larger commitments. For the Children’s Hospital, these include $200,000 from the Johnson Controls Foundation; $160,000 from Mr. and Mrs. Tony Berenyi; $100,000 from Mr. and Mrs. Hank Cheves; and $100,000 from Mr. and Mrs. James Dyke of Charleston. Additionally, Mr. Jim Battle shared with us today that he has made a generous commitment to the new MUSC Shawn Jenkins Children’s Hospital. The Department of Medicine received a $450,000 commitment from the Huggins Family designated for Cystic Fibrosis; a $59,886 legacy gift from Mr. and Mrs. David I. Elow designated to the Pulmonary/Critical Care Research and Education Fund; and a $25,000 bequest by Dr. and Mrs. Richard M. Silver earmarked for the Richard M. Silver, MD, Rheumatology & Immunology Division Director
Fund. The Donaldson Charitable Trust has made a $100,000 gift in support of cancer research at Hollings Cancer Center. Two alumni of the Cardiothoracic Surgery Residency Program each pledged $50,000 to the Fred Crawford, MD, Endowed Chair in Cardiothoracic Surgery, bringing the total contributions to within 96% of the $2 million goal. The Mark and Evelyn Trammel Foundation contributed $100,000 to the Endowed Chair in Otolaryngology.

Highlights in student scholarships include the following. The College of Pharmacy hosted its annual MUSC Pharmacy Scholarship Luncheon for donors and student scholarship recipients on August 21, where more than $213,000 in scholarship money was awarded representing 36 titled scholarships and 105 individual awards. For the College of Medicine, Dr. and Mrs. Stoney Abercrombie made provisions to establish a scholarship endowment through a six-figure bequest, and The Medical Society of South Carolina pledged $285,000 in support of three new scholarship awards. President Cole, his wife Kathy, and Dr. Cole’s mother-in-law, Virginia Cochran, have established an endowed scholarship fund in his father-in-law’s (Jack Cochran) memory; they are also making current gifts to ensure that the scholarship can be initiated beginning next semester. For the College of Nursing, the Robert Wood Johnson Foundation pledged $150,000 toward scholarships; the Josiah Macy, Jr. Foundation gave $149,197 for research focusing on virtual inter-professional education; the Lettie Pate Whitehead Foundation contributed $105,000 for scholarships for both undergraduate and graduate students. The College of Health Professions received a verbal commitment for $25,000 from a graduate of the Physician Assistant program to create a named student scholarship fund for second-year PAS students.

Mr. Fisher noted that the Alumni Affairs office has been hosting several events. The initial regional reception introducing Dr. and Mrs. Cole to alumni and friends was held in Columbia at the Palmetto Club in September. Nearly 125 guests attended the evening where alumni from all six colleges and other constituents had a chance to socialize and hear an update on MUSC from President Cole. Several other receptions have been planned for the remainder of this fiscal year.

Mr. Fisher reminded Board Members that the next meeting of the MUSC Board of Visitors is scheduled for October 23rd. The agenda includes presentations by Dr. David Cole, Dr. Don Johnson, Dr. Paul Underwood, Dr. Pat Cawley, and Drs. Sunil Patel and Ray Turner. A tour of the MUSC Children’s Hospital is also scheduled.

Recommendation of Administration: That the report be received as information.
Recommendation of Committee: That the report be received as information.

Item 8.  

General Report of the Executive Director of the MUSC Foundation for Research Development

Mr. Michael Rusnak presented the FY2015 Scorecard for the Foundation for Research Development that compared the number of invention disclosures, patents filed, issued patents, and licenses/options over the past 5 years. He noted that FRD revenue is up by ~40%. Challenges faced by the FRD include long sales cycles and identifying funding partners. FRD staff have been proactive in helping with SBIR/STTR applications resulting in an increase from 6 to 15 submissions this past year.

Recommendation of Administration: That the report be received as information.
Recommendation of Committee: That the report be received as information.

Board Action:
Item 10. General Report of the Vice President for Academic Affairs and Provost

Statement: A general report will be given by Dr. Mark Sothmann, Vice President for Academic Affairs and Provost.

MUSC and IBM Collaboratory

Dr. Les Lenert and Dr. Titte Srinivas presented a report on the proposed partnership of MUSC IBM Edge Innovation Collaboratory.

- MUSC has made substantial investments in IT through Epic and in biomedical informatics; not sufficient to lead nationally in Precision Medicine.
- Edge Innovation Collaboratory will create an environment where academics, research and clinical staff, with support from IBM/Watson Health, and other potential partners such as BCBSSC, employers (Boeing, Mercedes, BMW, etc) and Clemson University to lead innovation and enhance the care of our patients.
- Potential innovation areas are Renal Transplantation and Neuro-ICU care, Children with Chronic Disease, Cancer and Diabetes.
- Other benefits are new educational opportunities in informatics at MUSC in the Colleges of Medicine and Health Professions; provide undergraduate opportunities for training and internships through partnerships with other colleges and technical schools.

Dr. Cole remarked that the future of medicine is in its ability to translate large amounts of data and knowledge the better the answer and success in patient care.

Recruitment Update

- Candidate interviews for the College of Medicine Dean search were completed this week. There are a total of six candidates. The search committee will be making recommendations to Dr. David Cole and Dr. Mark Sothmann within the next few weeks.

- A review of the applicants by the search committee for the Director of Hollings Cancer Center is underway. Plans are to invite candidates in November for interviews on campus. The committee will make recommendations to Dr. Pat Cawley and Dr. Mark Sothmann.

- Vice President for Research search is underway and we anticipate campus interviews next month with a candidate identified in December.

**Item 19. Diversity and Inclusion Update.**

No Report.

Committee action: Received as information.

**Item 20. Financial Status Report of the Medical University of South Carolina.**

Mr. Patrick Wamsley presented a Financial Dashboard which represented important points from the August 31, 2015 Interim University Financials. He reported that at August 31 the University had 125 Days of Operating Cash and a Change in Net Position of ($7.5) million. He also reported a Current Funds margin of (3.64%). Mr. Wamsley explained that timing differences caused by some up-front payments had
largely contributed to the early deficit, but this historically resolves itself during the next few months.
