The meeting was called to order by Dr. Charles Thomas, Chair.

Regular Agenda

Item 6. General Report of the Vice President for Development
Ms. Leigh Manzi provided a report on behalf of Mr. Jim Fisher. Ms. Manzi shared that through December 31, 2015, the Office of Development has successfully secured $37 million in new gifts and pledges, approximately 36% ahead of the same time last year. She made special mention of a few of the larger commitments received since the last meeting, presented below.

A number of gifts were received in support of the MUSC Shawn Jenkins Children’s Hospital, including a commitment of $2.5 million from Mr. and Mrs. Matt Pruitt. Leadership gifts were received from Children’s Hospital Advisory Board members, Mr. and Mrs. Jim Dyke; MUSC Foundation Board member Dr. Harold Jablon and his son Dr. Eric Jablon; Mr. and Mrs. Hank Greer and Mr. and Mrs. Emil Lansu. Several significant pledge payments were received, including payments from The Boeing Company and MUSC Foundation Board member, Mr. Dan Sullivan. Planned gift commitments were received from MUSC Foundation Board members, Ms. Lou Hammond and the Estate of Gunther Ruebcke. The Mercedes Benz Bulls Bay Golf Tournament netted $347,000, while TJ and Ric’s Concert for the Kids raised $115,400.

The Children’s Hospital Fund received an additional gift of $250,000 from The Boeing Company for the expansion of The Boeing Center for Children’s Wellness, bringing the company’s total contributions to the Boeing Center to $4 million.

Dr. and Mrs. John F. “Eric” Hamrick of Pelzer, SC, verbally committed to establish a $1 million endowment at the College of Dental Medicine with a gift through their estate. Additionally, Heart and Vascular Center Advisory board member, Chris Motamed and her husband, Tom, made a generous gift of $1 million to the MUSC Heart & Vascular Center.

Jeanelle McCain executed a planned gift of $400,000 to the Will McCain Melanoma Research Fund. The Abney Foundation made a gift of $300,000 to support The Abney Foundation Emerging Scholars Program. This program supports 8 - 12 promising young clinicians/scientists/undergraduates and graduate students in their pursuit of gaining
additional knowledge and mentorship in the field of cancer research. Since 1996, The Abney Foundation has invested over $9 million in philanthropy at MUSC. Additionally, the Donaldson Charitable Trust made a gift of $114,000, bringing its total support of the Hollings Cancer Center to over $1 million.

Grateful patient and longtime supporter, D. Loy Stewart, recently pledged his support for the first ever Neuromuscular Fellowship at MUSC. Mr. Stewart, along with his family foundation, pledged $350,000 over the next five years to fund the program in the Department of Neurology. Dr. Richard Marks, a retired faculty member and a Neurosciences Advisory Board member, established the Marks Scholarship Support Endowment Fund with a pledge of $50,000 in December to assure that students would have the resources they needed to attend conferences and purchase necessary equipment for their studies.

An anonymous donor contributed $250,000 as part of a $1 million pledge earmarked to establish an endowed chair in Pediatric Cardiac Surgery. An alumnus of MUSC’s cardiothoracic residency program contributed $50,000 to the Dr. Fred Crawford Endowed Chair, putting the progress towards the $2 million goal to endow the Chair at 90%. An additional $100,000 was received from Bob and Kathy Richards in support of Transplant Surgery’s Living Donor Institute. Additionally, Dr. Prabhakar Baliga, Chairman of the Department of Surgery, contributed $25,000 to the Department.

The Department of Ophthalmology received an anonymous gift of $400,000 in general unrestricted support of the Storm Eye Institute. Another $65,000 was received from The Glades Foundation in support of retina research. Former Board of Trustee member Mr. Bill Hewitt gave $30,000 earmarked for the Laura and William Hewitt Endowed Chair in Ophthalmology.

The American Heart Association pledged $308,000 to fund a research project under the direction of faculty member Dr. Mathew Gregoski entitled “Personalized Prevention of CVD: Role of Genetics, Stress, and Behavioral Factors.” The Lettie Pate Whitehead Foundation gifted $105,000 of its $210,000 pledge to fund scholarships in CY 2015-16. Since 1990, 755 scholarships have been awarded to nursing students by the Lettie Pate Whitehead Foundation.

Barbara Christie made a $50,000 pledge to the College of Health Professions’ Dean’s Discretionary Fund, while Dr. Ronald Wade made a $250,000 planned gift to the College of Medicine to establish a scholarship in his name. In addition, he pledged $25,000 annually to provide current scholarship awards. Dr. Lewis Davis, Jr. contributed $140,000 to establish an endowed scholarship in honor of his father.

Ms. Manzi shared that planning continues for the “Looking Toward Tomorrow: An Evening with Dr. David J. Cole” regional reception series, with upcoming events planned in Spartanburg, Charlotte and Florence.

Ms. Manzi concluded her report noting that the next Board of Visitors meeting will be held on Friday, March 25.
Recommendation of Committee: That the report be received as information.

Item 7. General Report of the Associate Provost for Research
Dr. Chris Davies, Interim Assistant Provost for Research Infrastructure, reported on behalf of Dr. Kathleen Brady who is out of town. Dr. Davies presented a few slides to summarize year-to-date highlights for FY2016. He reported that FY2015 was a record-breaking year for research funding, and that this trend is continuing in FY2016. After taking the early arrival of state funds this year into consideration, overall funding is up $10 million from the same time last year, an increase of 8.3%. MUSC has worked to diversify its research funding by pursuing corporate and foundation funding in addition to federal funding. Dr. Davies reported that foundation funding is up $2 million this year and corporate funding is up $4 million this year. Dr. Cole commented that diversification in research funding is critical, and because of that this report shows remarkable growth and impact on the university.

Dr. Davies also introduced Steven Kautz, PhD, Professor of Health Sciences Research in the College of Health Profession. Dr. Kautz presented some slides on stroke recovery research at MUSC. The program, which was awarded a Center of Biomedical Research Excellence (COBRE) award last June, is going exceptionally well. The overall goal of the program is to enable outstanding, multidisciplinary and collaborative research in stroke recovery by including faculty from both the College of Health Professions and the College of Medicine in its efforts. These research efforts aim to use new concepts to better improve the quality of life of stroke patients. Since the COBRE was awarded, the program has quadrupled its research funding and secured two national center grants. The amount of stroke recovery research at the university has nearly doubled as a result.

Recommendation of Committee: That the report be received as information.

Item 8. General Report of the Executive Director of the MUSC Foundation for Research Development
Mr. Michael Rusnak provided a mid-term report on the Foundation for Research Development. Both funding and filings are up from the same time last year, and the team is focusing on investing in early technologies to help move them further along. A renewed sector grant will fund efforts toward commercialization in technology. Mr. Rusnak reported that there is a new accelerator, Technology Accelerator Company, which will provide an outlet to continue to move technology forward at MUSC. The Foundation has received about $500,000 in new funds this year from grants that were recently awarded. Mr. Rusnak shared that the Foundation is always looking into new devices and technologies, as well as working with Dr. Pat Cawley in the Innovation Center on the clinical side. The Foundation is also working with Dr. Deas at the student innovation level. Mr. Rusnak concluded his presentation by reporting that they are working on a new IP Policy, which will be presented to the Board for approval in April.

Recommendation of Committee: That the report be received as information.

With no further business, the meeting was adjourned.

REGULAR AGENDA

Item 10.  General Report of the Provost

Student Update: Rachel Weber, PhD, student, gave a general report on behalf of the Student Government Association.

College of Graduate Studies: Dr. Paula Traktman gave a general report on the College of Graduate Studies (CGS). There are approximately 500 faculty members with CGS faculty appointments, all whom hold a primary appointment in one of our five other colleges. The graduate students we train and the postdoctoral fellows we mentor are essential contributors to our research portfolio and to our success of obtaining MUSC’s $240M in extramural funding. CGS mission is closely aligned with MUSC culture of research and innovation.

There are ~150 students in the PhD program and ~50 students in our Masters’ program. We also have several workforce development initiatives. Those being the Summer Undergraduate Research Program (SURP); Post-baccalaureate Research Education Program (PREP); Initiative for Maximizing Student Development (IMSD); Career Day; Post-doctoral retreats; Graduate Students Reaching out with Science (GROWS); EE Just Symposium.

The board had further discussion about the summer programs offered to students. Dr. Traktman reviewed the application process and how they advertise the program. Currently, there are ~70 spots available to students. Flyers are sent to all college undergraduate advisors in the state. Students who are accepted into the program receive academic credit toward their undergraduate work and receive a stipend to assist with costs. The Board suggested that MUSC reach out and provide tours to middle and high school age students to increase interest and educate them about the different fields and careers in science.
**MUSC AnMed Clinical Training Program:** Dr. Deborah Deas, Interim Dean, College of Medicine, gave a report on the Pilot Project AnMed Clinical Training Program. MUSC has a presence at two locations in Anderson, SC. The program was established to provide community-based clinical training for third and fourth year medical students. Majority of students enrolled at MUSC come from the upstate and training near home helps decrease the costs associated with housing, and may also help retain physicians in that area. Commission on Higher Education approved the pilot and requested outcome data be presented to CHE in 2018.

**Physician Assistant (PA) and Doctorate of Nurse Practitioner (DNP):** Dr. Sothmann provided an update on Physician Assistant (PA) and Doctorate of Nurse Practitioner (DNP) clinical rotations issue. Total enrollment in the MD, DNP, and PA programs has increased 21% from 2009 (918 students) to 2015 (1,116 students).

The enterprise-wide goal is to increase clinical rotations available to PA and DNP students within MUSC Health System by 50 within 12 months. Dr. Sothmann and Dr. Cawley are coordinating this effort. Next steps are ongoing work to increase preceptors and clinical rotations, expand MUSC Health partnerships, and new models of interprofessional teams.

The Board is pleased with the progress made internally increasing the number of clinical rotations within the MUSC enterprise. There is concern around growing the program and the challenges of accepting a larger number of students. It was suggested to start planning now how to grow the number of students and clinical rotations for the success of the program.

The Board inquired on the status of the Doctorate of Nurse Anesthetist Program. This program will open in two phases: Current CRNAs are enrolled in the Doctorate of Nurse Anesthetist Program. The second phase will open in the summer of 2017 to post bachelors BSN graduates with at least one year experience in critical care setting. This will complete the roll out across the profession nationally and new incoming students.

**Recommendation of Committee: Received as information.**

**Item 11. Honorary Degrees**

Dr. Mark Sothmann, Provost, presented for approval the honorary degree recipients for the May 2016 Commencement. Those presented are Representative Kenneth A. Bingham, Representative Brian White, Ms. Susan Pearlstein and Ms. Pam Lackey.

**Recommendation of Committee: Recommend approval**

**Item 12. General Report of the MUSC Strategic Ventures**

No report.

REGULAR AGENDA ITEMS

Item 20. Diversity and Inclusion Update.

Mr. Anton Gunn, Mr. Leonard Riley and Pastor Thomas Dixon gave an update on the Diversity and Inclusion Committee and presented the D&I workgroup’s recommendations regarding the Grievance Policy.

Recommendation of Committee: Received as information.

Mr. Patrick Wamsley reported 112 Days of Operating Cash and a Current Funds (Operating Budget) margin of $4.4 million for the December 31, 2015 Interim University Financial Statements. He noted changes to Federal grant, gift, tuition and pass-through revenues on the bottom line and projected that budgeted revenues should continue to outpace budgeted expenses for the remainder of the fiscal year. Additionally, Mr. Wamsley referenced the recent report from PEBA and explained how the University had booked half of an additional $7.9 million pension expense in the December financials. Finally, Mr. Wamsley discussed how non-cash transactions such as the pension expense, investment earnings/losses and depreciation expense affected the all-funds (audited) financial statements.

Recommendation of Committee: That this report be received as information.
Item 22. **Financial Status Report of the MUSC Physicians.**

Ms. Gina Ramsey reported that as of December 31, 2015, MUSC Physicians’ Operating Margin is strong at 20.7%; Days in A/R was 41; Days Cash on Hand was 237; Debt Service Coverage Ratio was at 9.33. Ramsey reported that MUSC-P had the highest cash collection on record for the month of December which is out of the norm for December.

*Recommendation of Committee: That this report be received as information.*

Item 23. **Other Committee Business.** None
