Twenty-Third Annual

Diabetes Fall Symposium
for Primary Health Care Professionals

September 15, 2018

MUSC Drug Discovery Auditorium, 97 Jonathan Lucas Street, Charleston, SC

Joint Providership by

The Medical University of South Carolina and The Diabetes Initiative of South Carolina (DSC)

University of South Carolina College of Pharmacy

Lowcountry AHEC

In cooperation with

DSC Midlands Site

SC Department of Health and Environmental Control - Division of Diabetes, Heart Disease, Obesity, and School Health
PHARMACISTS: The University of South Carolina College of Pharmacy is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education. The program is accredited for a total of 7.0 live contact hours of knowledge-based learning activities for pharmacists. Participants must sign-in at registration table at the beginning of the day and attend each session for which they claim credit in its entirety. Instructions on how to complete evaluations and have credit reported to the NABP CPE Monitor will be provided. Evaluations must be completed within 30 days; any credit claimed greater than 60 days from the program will be rejected by the CPE Monitor. To view learning objectives for pharmacists and ACPE UANs, visit [http://cop.sc.learningexpressce.com](http://cop.sc.learningexpressce.com) to view the full activity announcement for pharmacists.

NURSES: This nursing continuing education activity awards a total of 7.2 contact hours. Lowcountry AHEC is an approved provider of continuing nursing education by the South Carolina Nurses Association, an accredited approver with distinction, by the American Nurses Credentialing Center’s Commission on Accreditation.

COUNSELORS & THERAPISTS: This program is approved for 7.2 hours of continuing education credit. The South Carolina AHEC system is recognized as a permanent sponsor of continuing education by the South Carolina Board of Examiners of Licensure of Professional Counselors, Marriage and Family Therapists, and Psycho-Educational Specialists.

REGISTERED DIETITIANS: This program provides a total of 7.2 contact hours.

SOCIAL WORKERS: This program is approved for a total of 7.2 non-social worker contact hours. The South Carolina AHEC system is recognized as an approved provider of continuing education by the South Carolina Board of Social Work Examiners.

ALL PARTICIPANTS: This program is approved for 0.72 CE (7.2 clock hours) by Lowcountry AHEC and meets South Carolina AHEC Best Practice Standards.

Lowcountry AHEC is an equal opportunity employer and adheres to the requirements of the ADA statements. Neither Lowcountry AHEC nor the American Nurses Credentialing Center endorses or approves any products that may be associated with this continuing education activity.

Participants must attend 90% of the program to receive a certificate. No partial credit will be given.
Diabetes Initiative of South Carolina

This program is presented by a collaborative effort of the Medical University of South Carolina and the Diabetes Initiative of South Carolina, which was created by the SC State Legislature in July 1994, as Section 44-39-20 et.seq. of SC Code of Laws, 1976 as Amended. The Diabetes Initiative is a statewide program of education, surveillance, clinical research, and translation of diabetes treatment methods to serve the needs of South Carolina residents with diabetes, with oversight functions by the Diabetes Initiative of South Carolina Board.

Americans with Disabilities Act

It is the policy of the Medical University of South Carolina not to discriminate against any persons on the basis of disabilities. If you feel you need services or the auxiliary aids mentioned in the disabilities act in order to fully participate in this continuing medical education activity, please call the Diabetes Center at (843) 876-0968, by September 1 or attach a note to your registration form.

Disclosure Statement

In accordance with the ACCME Essentials and Standards, anyone involved in planning or presenting this educational activity is required to disclose any relevant financial relationships with commercial interests in the healthcare industry. The Medical University of South Carolina, College of Medicine will employ appropriate mechanisms to resolve potential conflicts of interest to maintain the standards of fair and balanced education to the participant. This information will be made available to participants at the beginning of the activity. Speakers who incorporate information about off-label or investigational use of drugs or devices are required to disclose that information at the beginning of their presentation.

Climate and Conference Dress

During the month of September, temperatures in the Charleston area range in the upper 70’s for highs, and lows are in the 60’s range. As the temperature in meeting rooms may vary, you should bring a sweater or jacket. Conference dress is business casual. NO JEANS PLEASE!
CALL FOR ABSTRACTS

18th Annual Scientific Poster Session

We are currently accepting abstract submissions for student research and projects, clinical practices, community projects, DSME program strategies and professional research and projects. This is an excellent opportunity to showcase the numerous projects being conducted in South Carolina. (Submissions limited to diabetes related subject matter.)

One complimentary registration to the symposium will be offered for each abstract/poster submitted by a full-time student, resident, intern or fellow. Submissions in the student, clinical practices, community and DSME programs categories will be reviewed by a panel of judges and compete for monetary prizes.

For application form, please see bottom of symposium registration form, or go to http://www.musc.edu/diabetes or contact Julie Benke-Bennett at benkej@musc.edu or (843) 876-0968.

Deadline for submissions:
September 1, 2018.
This comprehensive update is specifically designed for Primary Care Physicians, Podiatrists, Endocrinologists, Pharmacists, PharmDs, NPs, APRNs, PAs, RDs, and CDEs. The information to be presented is equally relevant to RNs, LPNs, and Social Workers.

At the conclusion of the program, participants should be able to:

- Recognize the correlation of sleep apnea with diabetes,
- Analyze the implications of diabetes with men’s health,
- Describe how to use new insulin products,
- Discuss treatment options for prediabetes
- Review the orthopaedic considerations for the patient with diabetes,
- Identify evidence-based guidelines for cardiovascular disease associated with diabetes,
- Examine evidence-based pharmacotherapy for the treatment of DM.
