Nephrology Update for Primary Care and Hospital Medicine
Saturday, May 30th, 2015

Conference Director
Juan Carlos Q. Velez, M.D.
Associate Professor of Medicine
Division of Nephrology, Medical University of South Carolina

Guest Speaker
N. Stan Nahman, Jr., M.D.
Professor of Medicine
Medical College of Georgia, Georgia Regents University

Program Faculty, The Medical University of South Carolina
Jan N. Basile, M.D.
Professor of Medicine
Division of General Internal Medicine/Geriatrics

Bhavana Bhain, M.D.
Instructor of Medicine, Division of Nephrology

Miloš N. Budisavljević, M.D.
Professor of Medicine, Division of Nephrology

Ruth C. Campbell, M.D., MSPH
Associate Professor of Medicine, Division of Nephrology

Nada Alou Hassan, M.D.
Assistant Professor of Medicine, Division of Nephrology

Nithin Karakala, M.D.
Instructor of Medicine, Division of Nephrology

Joshua H. Lipschutz, M.D.
Professor of Medicine
Chief, Division of Nephrology

Roberto Pisanì, M.D.
Assistant Professor of Medicine, Division of Nephrology

Michael E. Ullian, M.D.
Professor of Medicine, Division of Nephrology

Conference Description
Statement of Need: Approximately twenty-six million Americans have some degree of chronic kidney disease (CKD) and at least 450,000 reside in South Carolina.

Conference Description: Our educational program is designed to provide strategies to primary care providers, hospitalists, nephrologists, nurse practitioners, physician assistants, residents and fellows to intervene and implement changes in their practice that will allow them to improve quality of care and outcomes of individuals with CKD and/or nephrology related disorders. In particular, we will cover an update on topics related to hypertension, diabetic kidney disorder, kidney disease among African Americans and extrarenal manifestations of CKD. We will also discuss current concepts on drug related nephrotoxicity, use of diuretics and electrolyte imbalances. In addition to one full day of didactic presentations, we offer interactive discussions with the use of the audience response system (ARS) to allow participants to benefit from a more intimate interaction and opportunities to have their question or concerns addressed. Based on an attendance and feedback from surveys, we are pleased to say that the events has been a major success and we hope to continue offering it to our primary care and hospital community this year and every year.

Electronic Syllabus
In our efforts to “go green”, the syllabus will be provided online for download and printing. Information will be e-mailed to you the week prior to the conference so that you may download a copy. A printed syllabus is available upon request at the time of your registration for an additional fee of $15.00.

Americans with Disabilities Act
It is the policy of the Medical University of South Carolina not to discriminate against any person on the basis of disabilities. If you feel you need services or the auxiliary aids mentioned in this act in order to fully participate in this continuing medical education activity, please call the Division of Nephrology at (843) 792-6109 or attach a note to your registration form.
