

Addiction Research Seminar Series
 Fall 2007 / Spring 2008
IOP Auditorium unless otherwise indicated
12:00 – 1:00 PM unless otherwise indicated

6/23/08

Date	Guest Speaker	Seminar Title	Host
September 6, 2007	cancelled		Becker
September 20, 2007 (See)	Jeff Steketee, PhD Neuroscience Institute Univ of Tennessee, Health Science Center	Mechanisms of Cocaine-Induced Sensitization: Involvement of the Medial Prefrontal Cortex	Kalivas Neuroscience (Cheri Kubalak 2-0329)
October 4, 2007 (PWK)	Mark Von Zastrow, MD, PhD Department of Biopharmaceutical Sciences UCSF	Regulation of Neural Signaling Receptors by Endocytic Membrane Traffic	Kalivas Neuroscience (Cheri Kubalak 2-0329)
October 18, 2007 (Upadhyaya)	Mehmet Sofuoglu, MD, PhD Associate Professor Department of Psychiatry, Yale University	Progesterone Effects on Stimulant Addiction: Human Laboratory and Clinical Trial Findings	Brady/See Psych (SCOR) (Sarah Gainey 2-8207)
November 1, 2007	Andrea King, PhD Associate Professor Department of Psychiatry University of Chicago	Alcohol Response in Binge Drinkers	Becker Psych (Bob Peiffer 2-5217)
November 15, 2007 (See)	Therese A. Kosten, PhD Associate Professor Department of Psychiatry Baylor College of Medicine	Early Life Stress has Sex-Specific Effects on Addiction and Memory Processes in Rats	Brady/See Psych (SCOR) (Sarah Gainey 2-8207)
December 6, 2007	Michael E. Charness, MD Chief of Staff VA Boston Healthcare System	Alcohol and the L1 Cell Adhesion Molecule	Becker Psych (Bob Peiffer 2-5217)
December 20, 2007 (See)	Jack Bergman, Ph.D. Dept of Psychiatry Harvard Med School/ McLean Hospital	Medications for Stimulant Abuse: Preclinical Evaluation in Nonhuman Primates	Kalivas Neuroscience (Cheri Kubalak 2-0329)
January 3, 2008	Wayne C. Drevets, MD Chief, Neuroimaging in Mood and Anxiety Disorders NIH/NIMH	Neural circuits implicated in the pathophysiology of depression	Brady/See Psych (SCOR) (Sarah Gainey 2-8207)
January 17, 2008	Linda Spear, PhD Distinguished Professor Department of Psychology State Univ of NY at Binghamton	Adolescent-Typical Alcohol Sensitivities and Intake	Becker Psych (Bob Peiffer 2-5217)

Addiction Research Seminar Series
 Fall 2007 / Spring 2008
IOP Auditorium unless otherwise indicated
12:00 – 1:00 PM unless otherwise indicated

6/23/08

February 7, 2008	Cancelled due to weather	Cancelled due to weather	Kalivas Neuroscience (Cheri Kubalak 2-0329)
February 21, 2008	Warren K. Bickel, Ph.D Wilbur D. Mills Chair of Alcoholism and Drug Abuse Prevention, Professor of Psychiatry and Director, Center for Addiction Research (CAR) College of Medicine Professor of Health Behavior and Director, Center for the Study of Tobacco Fay W. Boozman College of Public Health University of Arkansas for Medical Sciences	Tyranny of Small Decisions: Biology, Culture, and Pathology	Brady/See Psych (SCOR) (Sarah Gainey 2-8207)
March 6, 2008	David Oslin, MD Geriatric and Addiction Psychiatry University of Pennsylvania	Treating Addiction: Translating Neuroscience into Practice	Becker Psych (Bob Peiffer 2-5217)
March 20, 2008	Robert Edwards, MD UCSF	Multiple Pathways to Regulated Exocytosis	Kalivas Neuroscience (Cheri Kubalak 2-0329)
April 3, 2008	Wendy Lynch, PhD Assistant Professor Department of Psychiatric Medicine University of Virginia	Sex Differences in Vulnerability to Addiction	Brady/See Psych (SCOR) (Sarah Gainey 2-8207)
April 17, 2008	Andrew Holmes, PhD Behavioral Science and Genetics Section NIAAA	Genetic Shaping of Emotional and Cognitive Flexibility	Becker Psych (Bob Peiffer 2-5217)
May 1, 2008 (See)	Kristen A. Keefe, PhD Associate Professor Department of Pharmacology and Toxicology University of Utah	Long-term Consequences of Methamphetamine-Induced Neurotoxicity on Cellular, Systems, and Behavioral Functions of the Rodent Basal Ganglia	Kalivas Neuroscience (Cheri Kubalak 2-0329)
May 15, 2008	Carl W. Lejuez, Ph.D. Associate Professor Director, Center for Addictions, Personality, and Emotion Research (CAPER) University of Maryland	Positive and Negative Reinforcement Processes Underlying the Development and Maintenance of Adolescent Risk Behavior	Brady/See Psych (SCOR) (Sarah Gainey 2-8207)
May 29, 2008	John E. Helzer, MD Professor of Psychiatry Director, Health Behavior Research Center University of Vermont	Stress and Alcohol Consumption: A Comparison of Treatment and No-Treatment Samples Using Interactive Voice Response (IVR)	Becker Psych (Bob Peiffer 2-5217)

Addiction Research Seminar Series
Fall 2007 / Spring 2008
IOP Auditorium unless otherwise indicated
12:00 – 1:00 PM unless otherwise indicated

6/23/08

June 12, 2008	Gerald Zernig Professor University of Psychiatry Innsbruck, Austria	Drug Reinforcement - Beyond Accumbens Dopamine	Kalivas Neuroscience (Cheri Kubalak 2-0329)
