Tired of the same old conversations? Want to be blown away by the latest in medical and scientific advances? Join us for this month’s Science Café that features a leading sickle cell disease expert at MUSC who wants to improve the quality of life for these patients. She’ll explain how prevalent it is and what is in the works, in the clinic and through research, to help them. She’ll also discuss an innovative SC Squared program that will create a statewide network aimed at dramatically improving access to quality care.

Stay Calm and Sickle Strong:
Lifespan Care for a Lifespan Disease

Speaker: Julie Kanter, MD
Director, Sickle Cell Disease Research
Assistant Professor,
Pediatric Hematology/Oncology

Tuesday, September 20, 2016
5:30 p.m.

Charleston Beer Works
(upstairs)

480 King Street
Charleston, SC 29403

Science for the rest of us

MUSC’s Science Café is a series of presentations offering entertaining talks on scientific subjects in a fun, non-technical way in a pleasant social environment. To learn more, contact Tara Abbott at 843-792-2926 or abbottt@musc.edu.
