Marijuana medicalization and legalization are polarizing topics. Come hear from MUSC physician-scientist Dr. Kevin Gray, and discuss how marijuana’s ingredients affect the brain, with a range of potential benefits and harms.

Marijuana medicalization and legalization are polarizing topics. Come hear from MUSC physician-scientist Dr. Kevin Gray, and discuss how marijuana’s ingredients affect the brain, with a range of potential benefits and harms.

Kevin M. Gray, M.D.
Professor and Director of Child and Adolescent Psychiatry
Professor of Addiction Sciences
Department of Psychiatry and Behavioral Sciences

Science for the rest of us

MUSC’s Science Café is a series of presentations offering entertaining talks on scientific subjects in a fun, non-technical way in a pleasant social environment. To learn more, contact Tara Abbott at 843-792-2926 or abbottt@musc.edu.
