Grant Funding Opportunities

We would like to share these funding announcements with you to encourage translational research collaboration developments and grant application submissions. Please see below for more details.

1. **Funding Opportunity Announcements on HEALing Communities Study:**
   Dr. Betty Tai, NIDA, will be one of the keynote speakers in the SCTR Opioids Retreat. Her keynote address will be related to the HEAL (The Helping to End Addiction Long-Term)’ portfolio. Please see the retreat agenda for more details.

   “For researchers interested in this funding opportunity, there will be a Technical Assistance Webinar on the HEALing Communities Study on **October 3, 2018, at 1 p.m. Eastern Time.**

   **Details:**
   Go to the HEALing Communities TA Webinar registration page to register.
   Event number: 293 269 612
   Password: Success1! (defaulted after registration)

   Then add the related funding announcements in here.

4. SCTR Pilot Project Program Funding Opportunities – TBA. Once a new Discovery Grant RFA is released after the retreat, it will be shared with the retreat attendees and posted in the Program web page at [http://academicdepartments.musc.edu/sctr/programs/pilot_projects](http://academicdepartments.musc.edu/sctr/programs/pilot_projects)
