TERMS AND CONDITIONS OF SALE:

1. Acceptance: TRC, in its sole discretion, accepts only those orders which are submitted in accordance with these terms and conditions. TRC reserves the right to cancel, re-price, or delay any order. The customer shall be responsible for payment of all invoices in full within the terms stated. Payment terms include a 2% discount for payments received within 10 days of the invoice date.

2. Terms: Terms are net 10 days, C.O.D. We reserve the right to accept only those orders which are submitted in accordance with these terms and conditions. TRC reserves the right to cancel, re-price, or delay any order. The customer shall be responsible for payment of all invoices in full within the terms stated. Payment terms include a 2% discount for payments received within 10 days of the invoice date.

3. Prices: All prices are listed in U.S. Dollars. Duty, applicable taxes, freight charges and any special packaging charges are excluded and will be added to the invoices. Prices and prices are subject to change without notice. Current prices will be confirmed at the time your order is placed.

4. Lost or Damaged Shipments: Products are sold F.O.B. shipping point, fully insured at the buyer's expense. However, if assistance is required in filing a claim for a lost, incomplete, or damaged shipment, we will be happy to help you.

5. Shipping: It is our policy to exercise safety and economy to provide the quickest, most efficient method of transportation. TRC uses priority overnight delivery services. Whenever possible, we will ship by the method specified by the customer. Shipments of hazardous items are governed by the United States Department of Transportation (USDOT) and the International Air Transport Association (IATA). Products that require special packaging and shipping may incur additional charges per shipment. TRC adheres to all regulations governing the transportation of our products.

6. Purity: TRC considers purity an essential criterion for every product. All chemicals listed are subjected to excelling test in our own quality control department for determination of purity. The purity and physical constants stated in the alphabetical section and on our labels are typical values; they may vary slightly from batch to batch. If more information is needed concerning quality, please contact us.

7. Toxicity and Hazards: All of our chemicals are handled only by qualified personnel trained in laboratory procedure and familiar with the potential hazards. Information is not available on the possible hazards of many compounds. The absence of a warning must not be interpreted as indication of safety. The ultimate responsibility for the proper handling of any and all chemicals lies with the user. All goods sold by TRC carry the condition that liability for any injury, loss or damage whatsoever to persons or real property resulting from the handling of the said goods lies with the user. Acceptance of our goods binds the customer to these terms.

8. Warranties: TRC warrants that its products shall conform to the description of such products as provided in TRC's catalogue. This warranty is exclusive, and neither makes any other warranty, expressed or implied, including any implied warranty of merchantability or fitness for any particular purpose.

9. Use of Products: TRC's products are intended primarily for laboratory research purposes, and unless otherwise indicated on the invoice, the products are not to be used for any other purpose.

Buyer agrees to indemnify and hold Toronto Research Chemicals Inc. harmless from any and all losses, damages and expenses whatsoever or howsoever caused, arising from any use by Buyer of the product, and assumes all risks and liabilities resulting from the use of the products whether used singly or in combination.
