

Because the temperatures will not be within the allowable limits for the resurfacing of Jonathan Lucas St. and Halsey Blvd. it has been postponed until the Spring of 2012. Please feel free to contact [Richard Turner](#).

In response to interest from employees for a transportation link at night between their work sites and their on-campus parking locations, a pilot for expanded shuttle service began on August 1st. The service (operated by MUHA MEDUCARE) connects the Clinical Sciences Building with the President Street, Bee Street and Courtenay Drive parking garages and other destinations on demand.
