MESSAGE FROM THE PRESIDENT

What an amazing Fall Coffee for MUWC’s 50th anniversary celebration, with our largest attendance ever! The weather was beautiful, the food delicious and the fellowship fabulous. Thank you to President and Mrs. Cole for opening their home and being our hosts. For me the highlight of the Coffee was meeting our deserving scholarship recipients who received awards totaling $14,500. These scholarships are possible only through our annual membership dues and your generous donations. We are currently 100 members strong with 17 new members!

Fall and holiday plans are underway for the Todd Carter Memorial Teddy Bear Day, kayaking, a tour of the Waring Historical Library on MUSC’s campus, and the annual Holiday Party scheduled for Sunday, December 4th 1pm - 4pm. Stay tuned for more details. Plus, Megan Zwerner has volunteered to be our hospitality hostess. Thank you Megan!

Our membership co-chair, Kathy Squires, has started two new interest groups: A Happy Hour Drop-In Group (with hors d’oeuvres) and a Parent/Child Activities Group. Details are listed under special interest groups and below. Contact Kathy for more information ntimid8r51@gmail.com

Hopefully October will bring us some cooler weather and plenty of sunshine.

Until next month,

Tiffany

Dr. Cole addressed the Club with the following statement:

"The Medical University Women's Club: what is its mission? It is to support MUSC, give scholarships to students, provide fellowship for its members. This group last year actually raised $14,000 in scholarships and awards for students. Why is that important? If I was a student I would say the burden of student debt is significant, and I would say that anything that we can do to help any individual student walk down the pathway to education is purposeful and important. I would be remiss if I didn't say that the strength of MUSC, what makes us special, is the connectivity and the bond among all of us as we work to have impact on people's lives. What a special impact both to have the privilege to be in the space of health care and education. When I found out I had an opportunity to be president of this institution, my initial reaction was 'how..."
It's really an honor to have the opportunity to lead such a talented and dedicated group of individuals. And I will tell you to your sense I feel even more strongly now that that is true. I will always feel that as president, it is an honor. So I'll make a statement: My belief, my heart, is that MUSC is a family. This group represents its heart, so thank you for what you do."

-Dr. David Cole
